

HORSE ADVENTURES

Reid Horse & Cattle Co., Inc. provides unique horse adventures for any occasion. Whether it's a spectacular horseback view of pristine lakes and the Sierra Nevadas, a special flyfishing pack trip, or retracing the trails of early pioneers, we can provide the vacation of a lifetime. We operate two horse stables in the Sierras: Gold Lake and Graeagle.

We offer everything from trail rides and family pack trips to horse programs for children's camps. The best part is that our horse adventures can be custom designed for your family or any group.

YOUTH HORSEMANSHIP PROGRAMS

Reid Horse & Cattle Co. offers numerous programs to teach young people about working with horses. We have expert staff who work exclusively with children to teach them horsemanship knowledge and skills. Throughout the summer, we set up individual and group lessons, as well as horse camps for organizations such as Girl Scouts, church groups, and many other youth groups. Call us for more information about our summer youth programs specializing in teaching young people all about horses.

TRAIL RIDES Daily Horseback Rides

Join us for an exciting horse adventure! Our expert wranglers will guide you on breathtaking journeys to nearby lakes and through pine forests. There are miles of unfenced trails to explore. Trail rides are offered as one hour, two hour, half-day, and custom adventures. Each ride lets you enjoy different landscapes through refreshing pine forests, lush green meadows, and along spectacular lake shores.

PACK TRIPS

We feature four basic types of pack trips, but can arrange almost any trip you might want. Tell us when, where, and how long you'd like to pack, and we'll let you know what type of trip is best for you. You can choose to do all of the camp chores yourself or have our wrangler handle the equipment and cooking for you. Our horses cover about twelve miles daily, allowing you plenty of time for fishing, relaxing around the campfire, or just enjoying the mountains.

The majority of our pack trips originate from our Gold Lake Pack Station and Stables.
